WORK EXPERIENCE

Professional Development

Career Break

- Built responsive and interactive user interfaces using HTML5, CSS3, and JavaScript, improving load speed by 20%.
- Developed a React.js based application, enhancing component reusability and reducing development time by 30%.
- Implemented advanced DOM manipulation and state management to improve UI responsiveness across 3 projects
- Optimized applications for cross-browser compatibility, reducing display issues by 25% across major browsers.

Concentrix

Mandaluyong City

Customer Support Associate I

- Handled 50+ customer inquiries daily via inbound/outbound calls, messaging, and email, maintaining a 95% satisfaction rate.

EDUCATION

ICCT Colleges Foundation Inc.

Cainta, Rizal

Bachelor of Science in Information Technology

PROJECT EXPERIENCE

Vibe Matcher

Where mood meets music

- Built a "mood-to-music" app using React.js and Spotify API, delivering personalized track for 200+ users.
- Integrated Spotify API to fetch real-time music data, reducing data retrieval time by 40% and enhancing track accuracy.
- Engineered a responsive and engaging user interface using React.js, improving user session time by 25%.
- Leveraged React hooks to optimize user input handling and content updates, reducing component re-renders by 35%.

Chef Jonelle AI Recipe Generator

AI Recipe Generator

- Built an AI-powered recipe generator using React.js and Vite, reducing page load times by 40%.
- Designed a responsive UI to enhance user interaction, increasing user engagement time by 20%.
- Optimized asynchronous API calls for real-time AI-generated recipes, cutting average response time by 30%.
- Deployed on Vercel with continuous integration, ensuring 99.9% uptime and global accessibility for users.

DoItDifferently - Online Todo List

Todo List

- Developed a dynamic to-do list application using JavaScript, HTML, and CSS, enabling users to add, edit, and delete tasks with a clean, responsive interface.
- Implemented local storage functionality, allowing users to save tasks across sessions and ensuring data persistence.
- Optimized DOM manipulation and event handling, improving task interaction speed by 25%.
- Designed a responsive UI, ensuring seamless usability across desktop and mobile devices.

SKILLS & INTERESTS

Skills: Proficient in HTML5, CSS3, and JavaScript. Skilled in React.js (including React hooks and component-based architecture). Advanced knowledge of DOM manipulation, event handling, and responsive design. Experienced in API integration, asynchronous programming, and deploying applications on Vercel.
